

Tulare Union Students

What is ETS? ETS is a FREE federal TRIO program that works with high school students at Tulare Union High School. Our mission is to prepare students so they have the option and resources to go to college after high school.

What students think about ETS @ Tulare Union?

"When I first joined ETS my freshman year of high school, I couldn't have imagined how impactful it would be for my personal and academic careers. Being able to participate in summer residential programs, unique workshops, and get 1-on-1 personalized counseling allowed me to get out of my comfort zone and grow as an individual. With the help of ETS, I learned how to advocate for myself as a first-gen student, and I got to meet some amazing people along the way."

- Victor Martinez-Ambriz, Tulare Union H.S. - Attending Fresno State (Smittcamp Family Honors College)

What do we offer?

- Pre-College Advising,
- Financial Aid & How to Pay for College,
- Scholarship opportunities,
- Career Exploration,
